## Cavanagh Foyle

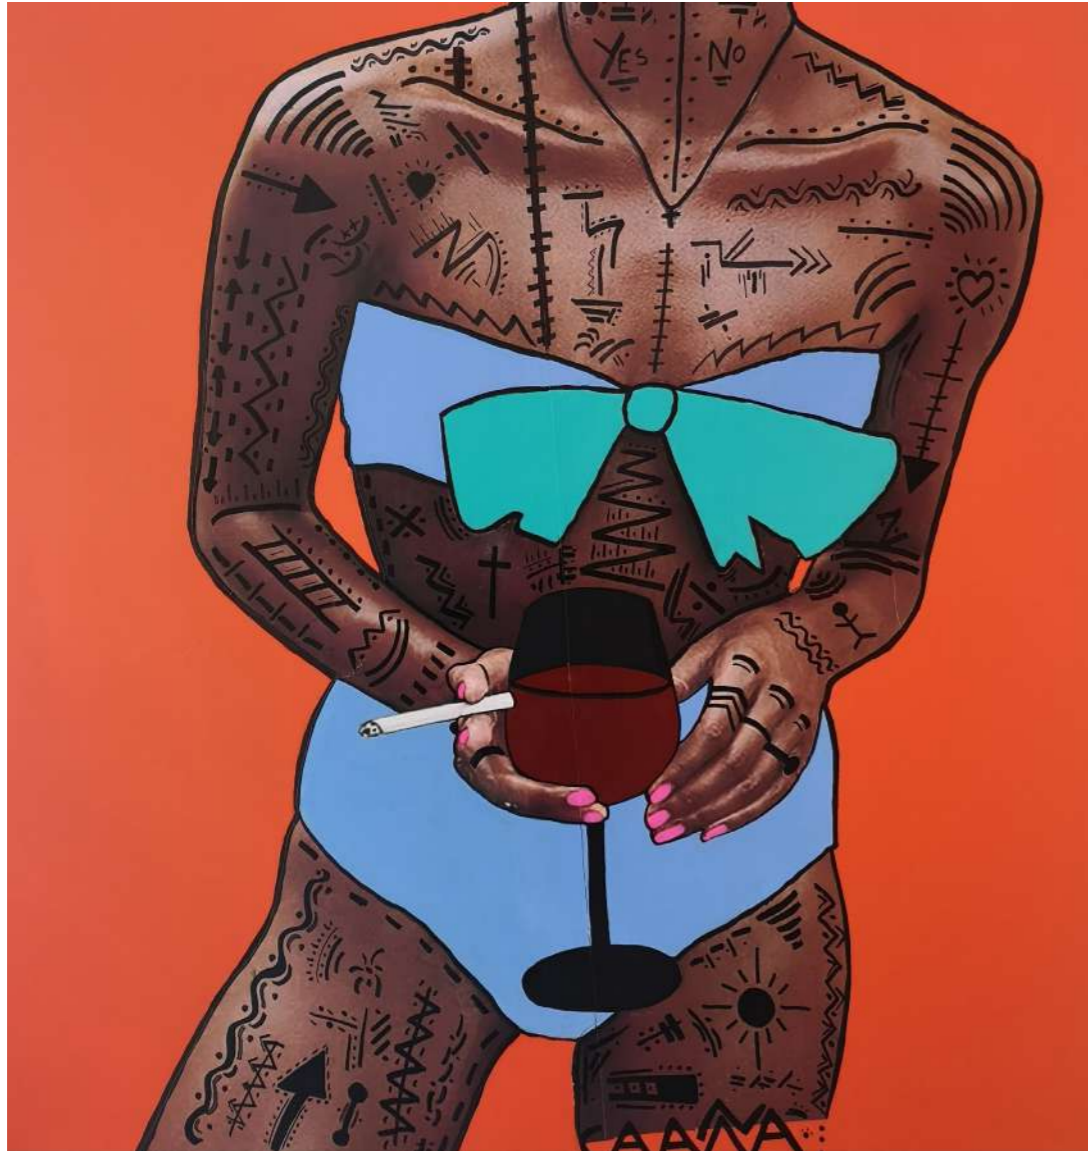

Cavanagh Foyle creates vibrant pop art with a distinctive retro twist. Her signature “squiggs” make her art instantly recognisable. Cavanagh’s fascination with consumerism, pop culture and social media are defining elements of her work. Her colourful social observations are showcased through large scale paintings, often infused with typography to deliver a bold, satirical message.

## Gigi Foyle

Bag&bones is an innovative LED neon art label grounded in high quality, unmistakable design. Based in London, founder Gigi and her team work alongside her Dublin-based sister Cavanagh aka MOTHERPOP, designing unique LED neon lights.

Inspired by urban street culture, art and fashion, our off-the-shelf collection includes everything from sensual graphics with a pop art twist, to quirky text and tongue-in-cheek slogan pieces, bringing an edge of cool to any interior.
