

An underwater scene featuring a mermaid with long dark hair and a blue and white outfit, swimming gracefully over a vibrant coral reef. Several colorful jellyfish, including white, blue, orange, and green ones, are scattered throughout the water. The background is a deep blue with light rays filtering through the surface.

A vibrant underwater scene featuring a mermaid swimming over a colorful coral reef. Several jellyfish of various colors (white, pink, blue, green) are floating in the water. The background is a deep blue with light rays filtering through the surface.

# Under the Sea

2020 - 2021

What a year it has been!

The year 2020 will be remembered as a turnaround point in human history, a transformative year, one leading to fundamental change in the fabric of society - but only time will tell.

While the planet got a brief opportunity to breathe, we were offered a chance to reinvent ourselves, to rediscover the beauty of Mother Nature - almost lost - and to awaken a new individual and collective consciousness to help heal it in the future.

Individually, we are one drop. Together, we are an ocean. In the waves of change we find our true direction.

Limitless and immortal, the waters are the beginning and end of all things on earth. With every drop of water you drink, every breath you take, you are connected to the sea. No matter where on Earth you live.

Let us dive into clearer waters and celebrate with hope and joy all the prospects of worthy change this unprecedented year will bring in 2021 and beyond, and be born-again into a wholesome world, in all senses.

Happy New Year!

**“The sea, once it casts its spell, holds  
one in its net of wonder forever.”**

*Jacques Yves Cousteau*
