

Summer Camp General Information

Why the name!

Smiles, joy, bonding, enthusiasm, respect and friendship... these are just some of the emotions we shared with Sam, the patriarch of our family and one of the park's founding dolphins.

Because true friends are for life, it was based on these values that, back in 2015, the Sam's Club was created in his honor. Since that time, many have participated in this restricted Club and learned with us a little of his history.

What we do?

In a unique way, the group enjoys the intenseveness of 5 days at Zoomarine, where only tiredness wins over fun. Between games, swimming pools, guided tours, presentations and other daily activities, we aim to develop a relationship once thought impossible: fun going hand in hand with education!

With all this laying in the background, an important message is then revealed: that of bonding, protection and respect for Nature!

Important details!

How many participants? **36** (who will be divided into 3 smaller groups)

The schedule? **9:00 a.m. to 5:45 p.m.**, Monday to Friday

The price? **€ 150** per participant
