RIVERLAND BOUTIQUE WEDDINGS

Ever dreamed about a stunning New Zealand wedding venue that is small, private and unique? If so, our “Boutique River Cruise” in the Waikato “Riverlands” just South of Auckland, is the perfect location. This natural area is secluded and offers wonderful scenery and tranquility making it the ideal location.

The Waikato Riverland has remained in an almost natural state for the past 80 years and is unknown to most. Our Boutel “Discovery 1” can accommodate up to 40 wedding guests for the wedding and reception and 12 people overnight in 4 cabins with en-suites and two rear lounges that convert to cabins.

Your Day

Of course you want your wedding day to be the most memorable day ever, not only for you, the bride and groom, but for your guests as well. Imagine a luxury floating wedding venue.

Your guests will board the Boutel and be greeted with champagne while they await your arrival. The Waikato Riverlands will provide an absolutely stunning backdrop for your nuptials, be it in the main lounge or on the spacious top deck. Guests will then be free to mingle throughout the Boutel while we cruise to some spectacular spots for photos.

Either sit down for a full meal from our chef for smaller weddings or enjoy a delicious buffet style meal for larger groups. The bride and groom can stay onboard and enjoy the many features of “Discovery 1” like the jacuzzi and entertainment systems, for the first night of their honeymoon in one of our luxury suites. We can also arrange land-based accommodation for further guests. Why not extend your honeymoon onboard “Discovery 1” and see all the majestic Waikato Riverland area has to offer. Beautiful scenery, watersports, history, golf, fishing and much much more. Prepare for your day at our base over-looking “Discovery 1” on the river.
