To help you communicate the amazing benefits of Carbon Free Dining to your diners, please find below the approved copy that you can add to your menus, website, or table explainers.

If you require additional copy, please contact us to discuss.

Approved Copy:

Carbon Free Dining provides restaurants and their diners across the world, the opportunity to mitigate the environmental impact of their meals, and help end poverty in developing countries.

Simply by adding an optional £0.99 / €0.99 / \$1.25 USD to your bill, you will be making a world of difference:

For every £0.99 / €0.99 / \$1.25 USD contribution a fruit tree is planted

Offsets the carbon footprint of your meal

Reduce deforestation and tackles greenhouse gasses

Feeds the communities in the locations the trees are planted

Improve the lives of those less fortunate in the developing world

For more information please visit: www.carbonfreedining.org
