THE BIG 1 PLATTER

PLATTER FOR 2

As the saying goes, there are plenty of fish in the sea, and because Mother Nature is unpredictable at best, no two are identical. So while the shape, size or number of pieces on your plate may change, we assure you that the portion size (see weights) will stay the same. Our prawns and mussels are based on international standards, so while we guarantee the quantity and standard, the actual sizes may vary. Please note that our grilled fish will take about 25 minutes to prepare. Sorry! We do not accept payment by cheque and all prices include VAT. All images are for visual reference only - size, shape and number of pieces may differ. Food is prepared in a kitchen using allergens, for specific concerns please notify your waiter.
