

NOW! For Face & Body

eTwo combines the unique Sublime and Sublative applications for comprehensive facial rejuvenation. Sublime™ uses the elōs combination of safe and effective levels of infrared light and bi-polar radio frequency energies to remodel the deep dermal layer of the skin by stimulating new collagen growth. Sublative™ fractionated bi-polar radio frequency technology places the heat energy effectively into the upper dermis where it can produce a significant increase in both collagen and elastin with minimal epidermal disruption.

eTwo Advantages:

- Visible Results, Low Downtime
- Intelligent Feedback System, real time information on skin condition, impedance and the energy delivery of each pulse
- Safe & effective for all skin types
- Quick treatments: typically 20 - 40 min
- Short treatment protocol
- Lightweight, compact, multi-applicator platform
- Easily transports between practice locations.
