

AUTHENTIC BOUTIQUE EXPERIENCES
IN THE HEART OF THE BALKANS

LIFE IS A JOURNEY... NOT A DESTINATION.

FACTS AT A GLANCE

Specialising in Montenegro and neighbouring countries, we are experts in the destinations we present: Montenegro, Serbia, Croatia, Bosnia and Herzegovina and Albania. However, we apply the same principles to our outbound travels as well.

Montenegro Adventures promotes responsible travel - we share a passion for travel with due respect for the Earth and its peoples. We are interested in local traditions, cultures, cuisine, lifestyles - anything that contributes to the unique identity of the Western Balkans region.

Our hand-picked, authentic holidays are often tailor-made based on communication with our

partners and clients, ensuring a personalized experience every time.

Our small group tours are carefully chosen, often in consultation with our partners, always focusing on the particular interests of different travellers, and you will frequently see in our detailed descriptions which travel styles and interests are in focus for that specific tour.

OUR STORY

The idea of establishing Montenegro Adventures came from one of the projects developed by Slavica Vukcevic, the founder of CSTI - Centre for Sustainable Tourism Initiatives. Initially called Montenegro Mountain Adventures, the project aimed to promote northern Montenegro as a perfect place for activity holidays in unspoiled nature – when Northern Montenegro was not considered a significant destination for tourism development.

The project was a great success; it quickly gained momentum - through detailed asset mapping, community engagement, and training initiatives, we laid the foundation for many development projects initiated by CSTI at that time: Cultural Treasures of the Old Royal Montenegro, Establishing Via Dinarica etc.

While the CSTI project portfolio was constantly expanding, there was a clearly defined gap at that time: the need to service independent and small-group travellers interested in Montenegro. This eventually led to the creation of a boutique local tour operator - Montenegro Adventures – in August of 2006.

Established by a group of dedicated professionals, Montenegro Adventures has successfully developed from a tiny project to a reliable full-service agency with very diverse products and a strong focus on Montenegro and the neighbouring countries: from individual and small-group luxury travel to a variety of holiday packages, conferences and incentives and more, we cater to a global clientele seeking unforgettable experiences.

HIGHLIGHTS OF MONTENEGRO

SMALL GROUP GUARRANTEED DEPARTURES

TOUR OVERVIEW

Welcome to Montenegro, a land of contrasts and stunning natural beauty. Though one of the smallest countries in Europe, Montenegro boasts a remarkable diversity of landscapes that will captivate your senses. As we journey through this enchanting land, you'll notice the three colors that dominate its scenery: the deep blue of the Adriatic Sea, the vibrant emerald green of its lush forests and valleys, and the stark iron grey of its rugged mountain peaks.

From the serene waters of the Bay of Kotor, where the medieval town nestles beneath the imposing Lovćen peaks, to the secluded beauty of the island hotel of Sveti Stefan, Montenegro offers a tapestry of experiences that evoke a profound sense of the sublime. The philosopher Immanuel Kant once said, "Tragedy unleashes the sense of the sublime," and indeed, there is something deeply moving about the sight of these majestic landscapes.

As we make our way from the coastal charm of Sveti Stefan to the towering heights of Durmitor National Park, where the crystal-clear waters of Crno Jezero (Black Lake) reflect the surrounding mountains, you'll feel as though you're walking through eternity itself. In Montenegro, two worlds of beauty seamlessly merge into one, offering an unforgettable journey through nature's most breathtaking wonders.
