The main complex consists of two lounges, a number of sundowner decks, a swimming pool, a fireplace, tea deck, a library, wine cellar and two dining rooms. Between the Ugab and Huab Rivers in Southern Damaraland lies a vast and unspoilt wilderness. This area boasts magnificent desert scenery, fascinating geological formations, archaeological sites and a unique variety of desert fauna and flora.

It's also the Southernmost roaming ground for the rare black rhino and desert elephant. This is where you will find the Twyfelfontein Conservancy and the Mowani Mountain Camp. Mowani is taken from the word M'Wane, meaning "Place of God", and it is here, that you will find the true meaning of peace and tranquillity.

The luxury tented accommodation is built unobtrusively, so as to ensure minimum impact on the natural environment. The stilt-like supports of the tents ensure that very little excavation was needed in order to create this special oasis. Much care has been taken with the design of the public areas, creating the impression of an African Village, with dome-like thatched structures that blend in with the imposing boulders which are scattered around the outcrops.

There are plenty of ways to relax at Mowani Mountain Camp.

Discover the pool deck, lodged between the boulders where you can soak up the sun whilst enjoying a refreshing drink and admiring breathtaking views. Adventures and activities available at Mowani include guided nature drives in search of the elusive desert elephant and hiking through magnificent scenery.

After your morning activity you will return to the Aircraft.

Depart to your lodge on the Eastern Border of the Etosha National Park. The flight from Twyfelfontein to Onguma will take us past the southern edge of the vast Etosha Pan and over a section of the Etosha National Park.

2 x Overnights at Onguma Tented Camp, including all meals and Scheduled activities

Incl Private flight from Damaraland to Etosha

www.onguma.com

Onguma Tented Camp offers an exclusive safari experience, in exquisitely styled tents. You can view the waterhole from the restaurant, your very own personal fresco shower, or even from your bedroom! The fourteen tents provide private and exclusive accommodation. All have their own bath, shower and toilet, a fan, tea/coffee station, and a room safe. Mosquito nets are fitted to the windows and doors.

There is a bar, restaurant and lounge. For breakfast there is a choice between the buffet or a typical English Breakfast. Lunch consists of sandwiches, pasta or salad. Dinner is a set 4 course meal, with a choice of red or white meat. The dining experience is complimented by the daily activities taking place around the nearby watering hole. Giraffe, wildebeest, many species of antelope, zebra and occasionally lion visit the waterhole.

After enjoying a game drive into Etosha National Park in the morning, you have several options to choose from when you return to camp:

Join us on an afternoon sunset nature drive on the Onguma Reserve where our expert guides will explain the many intricacies of the bush. Duration approximately 2 to 2 1/2 hours

Take part in a night drive after dinner and go searching for Onguma's night life and nocturnal creatures. Duration approximately from 1 to 2 hours.

Etosha owes its unique landscape to the Etosha Pan, a vast shallow depression of approximately 5 000 square km. A series of waterholes along the Southern edge of the pan guarantee the rewarding and often spectacular game viewing. In good rain years the pan fills with water draining southwards from Angola via the delta like system of shallow rivers and oshanas, drying out in the winter to become an austere expanse of white cracked mud, shimmering with mirages and upward spiraling dust devils.

Of the mammal species found in the park, several are rare and endangered, such as black rhino and black-faced impala. Etosha's elephants are reputed to be the largest in Africa, the tallest ones measuring up to 4m at the shoulder. Their tusks, on the other hand, are relatively small. For the greater part of the year the Etosha Pan is a bleak expanse of white cracked mud which shimmers with mirages on most days. Seeing vast herds of game against this eerie backdrop makes the Etosha game-viewing experience unique.

The area lies on the western boundary of the Moremi Game Reserve and offers superb Okavango scenery and a true Okavango wilderness experience. 10-07-2017 - 12-07-2017 Linyanti / Kwando Lebala

FB & Act

Today you continue further north to Botswana's Linyanti Area.

This area is famous for predator sightings and Wild Dog Encounters

2 x Overnights at Kwando Lebala in Luxury Tents, including all meals and scheduled activities

Incl Private flight from PomPom to Lebala

Stepping off the plane at any of Kwando's camps brings a realisation for most guests that they've joined a select group. Very few people have the opportunity of enjoying such a wilderness experience. The government of Botswana has intentionally followed a conservation and tourism policy that supports low people density in exchange for a high value experience. This ensures the long term survival of the wilderness.

The Kwando concession is the finest example of this policy, as no more than 40 tourist beds are permitted on this concession in a maximum of 2 by 16 bed camps and one 8 bed fly camp. This means there's a wonderful sense of freedom and space, even at full occupancy.

Lebala is situated in the south of the Kwando concession, adjacent to the head waters of the Linyanti marshes that form the boundary between Botswana and Namibia. The southerly flowing Kwando river disappears into the vast marshland before emerging as the Linyanti river. The triangle formed by this vast wetland is home to the Mamili National Park in Namibia.

Lebala means 'wide open spaces' in Setswana and the scenery is dominated by vast plains with scattered palms and tree islands backed by wooded savannahs. This wild expanse contrasts with the casual understated elegance and luxury of the camp itself.

This special ecosystem is home to a wide variety of Africa's plains game such as zebra, wildebeest, impala, giraffe and tsessebe and also provides refuge to lechwe, waterbuck and the shy sitatunga.

The camp itself is comprised of eight custom designed tents, with unique mosquito net walls, allowing an unobstructed flow of cooling breezes and stunning views. Each spacious tent has its own viewing deck, bathroom and luxurious double outside showers.

Lebala has a staff complement of 22 to cater to our guests. The camp balances understated elegance with untamed Africa to perfection.

The ability to conduct night drives using the guide and tracker system dramatically enhances the game viewing experience. (30% of the interesting mammals are only active at night). With the intoxicating sunsets, the tranquility and big horizons, most people are very reluctant to leave!
