

Introduction:

Waterberg Guest farm with hosts Harry & Sonja Schneider-Waterberg is your destination for rest and relaxation. A substantial part of the famous Waterberg is situated on the ranch with accommodation facilities built on the slope of the Small Waterberg. True to their slogan 'A Fine Taste of Africa', Waterberg Guest Farm is a small guest farm on a huge 43 thousand hectare game and cattle farm offering a distinguished ambience and hospitality to perfection. Our area is home to a widely representative cross-section of Namibian wildlife. It is a wonderland for lovers of both fauna and flora alike. Relax on our deck at the pool, which looks onto a waterhole. Different species of animals visit this waterhole day and night, when the waterhole is illuminated. The area around the Waterberg is also well-known amongst bird lovers.

Waterberg Guest Farm offers 8 luxury bush bungalows and 1 luxury family bungalow that can accommodate 2 adults and 2 kids under 18. All 9 of our bungalows are en-suite. A lounge with a fireplace and a selection of books await you on cold winter nights. In the afternoon guests are treated with coffee and tea. Meals are served in our dining room which has an exquisite view onto the Waterberg and where you are usually joined by the hosts. We offer you traditional South African-Namibian cuisine using spices and vegetables from our own garden. To accompany your dinner, you can choose from a wide selection of exquisite South African wines. Activities and excursions are discussed in the evening. In order to ensure your optimal comfort and enjoyment, we would still like to ask you to advise us of your choice in advance.
