

Good day to the tour operators.

From all of us at Roy's Rest Camp we would like to welcome new tour operators and thank all our long-time travel partners.

Here is a little back story on Roy's and what we have to offer guests.

Roy's is a family owned business since 1995.

Activities offered:

- Fantastic bird life including the black faced babbler
- Walking / running trails 4km & 10km where wildlife can be seen
- Swimming pool
- Waterhole +- 100m from reception

We offer rustic and unique bungalows and comfortable campsites.

Our bungalows are surrounded by the indigenous bush with pathed walk ways to and from the main lodge. They are all en-suite. The bungalows have their own "braai" place outside and inside they are equipped with air conditioning, mosquito nets and a tea/coffee station.

Our campground is open and inviting with green lawns, big trees for shade and water points. All our campsites have power points and a "braai" place

We offer an ablution with hot showers, bush kitchen and a laundry.

For all campsite bookings please contact us directly as our campground are not registered on the online booking portals.

Our food will offer you pure enjoyment with every bite. We offer home cooked meals which will stir up some real nostalgia.
