The elusive Cinderella Waxbill

## Overview

In the vast wilderness of north-west Namibia, Kunene River Lodge is situated on the bank of the mighty river, overlooking Angola. A lush tree canopy shades the accommodation and campsites, while the cool swimming pool beckons from a sunny green lawn.

A deck extends over the river from the Restaurant and Bar, making a spectacular location for a relaxing drink, a delicious meal, spotting birds and wildlife, or just winding down to the pace of the river, while forgetting everyday life elsewhere. Peace and tranquility abound here, interrupted only by the plentiful bird-life. But nearby in the Ondorusu Gorge, the thrills and excitement of the rapids await both experts and novices alike - indeed anyone with the spirit of adventure.

Birders will seek out rare endemic species around the Lodge, further afield, or drifting slowly along the river during a Birding Cruise with an experienced Guide. Discover the centuries-old culture of the Himba people, and don't leave before marvelling at the beauty of a 'double-strength' African sunset, mirrored in the river, on a Sundowner River Cruise.

While visiting Kunene River Lodge, Guests experience the warmth of traditional Namibian hospitality, but finally, they reluctantly drag themselves away from one of Africa's last great wilderness areas, taking with them unforgettable memories of this enchanting "**Piece of Paradise**".

## Driving Directions

There are three road routes to Kunene River Lodge:-

**From the south via Opuwo:** between the beautiful Zebra and Ehomba Mountains. From Kamanjab take the tarred C35 and C41 to Opuwo. Then it's 135 km (about 2.5 hours) to Kunene River Lodge along the D3700 to Epembe, and the D3701 to Swartbooisdrift - both good, gravel roads, normally passable.

**From the east via Ruacana:** driving past Ruacana Falls and parallel to the Kunene River. Ruacana is only accessible by tarred roads from the south-east (B1 and C46). The C35 is not tarred to Ruacana. The first 18 km of the road from Ruacana to Kunene River Lodge are tarred, followed by 47 km of gravel road. This is a beautiful drive through varied terrain, much of it alongside the river.

**NOTE:** This road is generally fine in the dry season, but if the river floods, the diversions demand 4 wheel drive.

**From the south or west via Epupa and/or Epembe:** taking the easy scenic route, the very good D3700 gravel road from Epupa Falls to Epembe, then the D3701 from Epembe to Swartbooisdrift and Kunene River Lodge, totalling 165 km (driving time 3-4 hours). Both roads are graded regularly, so driving them is straightforward.

**NOTE:** The 100 km riverside road from Epupa Falls to Kunene River Lodge **should only be tackled by experienced 4x4 drivers in a high clearance 4x4** - preferably accompanied by another vehicle (allow 8-10 hours and carry water, tyres and spares).

**Lodge Co-ordinates:** -17.354558, 13.880876 • S 17° 21' 16.41" E 013° 52' 51.15"
