

NDHOVU SAFARI LODGE & HELICOPTER HORIZONS

FULL DAY GAME DRIVE & SCENIC EXPERIENCE 2027

The drive from Ndlovu Safari Lodge to the Okavango Panhandle Heliport takes about 2 hours, including the border crossing.

Lift off from the Okavango Panhandle Heliport and experience the awe-inspiring views of the panhandle region from above. In an area of permanent water, you're guaranteed to see the infamous snaking waterways and channels, with the opportunity to witness wildlife in their natural habitats. Once landed, a boat will await you to take you to your game-drive vehicle in the heart of the remote Okavango Delta bushveld.

Your game drive will commence between 09:30 and 10:00 and will continue until around 15:00. The untamed beauty of the Jumbo Junction concession offers large concentrations of wildlife year-round, where you can expect to experience a diversity of wildlife encounters. Included in the game drive is a bush stop in a secluded area, where you will be provided with a delicious lunch, cool drinks and a bottled water. You will make your way back to the helicopter and head back to the heliport, where you will once again get to marvel at the deep channels that provide home to a host of species.

The optional 30 minute doors off scenic flight allows you to explore further into otherwise unreachable areas with the unique perspective of having doors removed for that entirely unrestricted view.
