## True Red Ginseng Ritual & Therapy

The Red Ginseng in our products takes six years to grow as the sun, wind, soil and ginseng masters work in tandem to carefully craft its optimal environment and full potency. We treasure and worship the human body and spirit with this very same dedication.

SPA 1899 was created by Korea Ginseng Corporation, the world's leading expert in Red Ginseng since 1899 as featured in the Cheong-Kwan-Jang line of products. These same quality ginseng ingredients are featured in Spa 1899's DONGINBI skincare line to promote health and beauty from the inside out. Our skilled therapists deliver these nourishing ingredients to your skin for balanced treatments that nurture both the mind and body.

## SPA 1899 Journey

Red Ginseng is at the heart of our expertise.

Just as these roots take a 6 year journey, growing patiently in the earth and gaining potency with each passing year, SPA 1899 takes you on your own journey.

Like hardening the soil for ginseng with a reverent mind, you meet the peace of mind and body in a warm and calm atmosphere with one cup of red ginseng tea full of devotion. Like the gentle scent of ginseng flower filling the space and the music of the nature sound until it became a red ginseng. Everything you feel through the five senses are overlapped in layers and leads you to a genuine red ginseng therapy.

The skilled touch of a professional therapist who has craftsmanship in aging red ginseng and the Red Ginseng Energy Circulation Therapy transfer the precious, rich and potent power of red ginseng into our body like a noble ceremony.

At the remind zone, the final step of the unique spa journey of SPA 1899, you can approach one step closer to both inner and outer beauty by internalizing the condensed power from the one drop extracted from one whole root of red ginseng.

We provide an oasis from daily stress to service all your beauty needs while adhering to traditional Korean Red Ginseng techniques.
