## The Precinct

As the largest room in the AREA portfolio, The Precinct offers a comprehensive range of possibilities for meetings and conferences. With an abundance of natural daylight and a 4 metre high ceiling, The Precinct always feels spacious and inspiring. All windows have blackout blinds if you require a darkened room for a presentation. With doors leading onto the outside balcony, this is the perfect place to enjoy some fresh air during breaks. The Precinct is easily adapted to any theming for gala dinners or weddings.

The Precinct can be divided by a sound proof wall into two entirely separate areas:

## East Precinct

The Precinct is divisible by a sound proof wall and the East Precinct is the larger of these two rooms. With natural daylight and an outside balcony, it is well suited to various meeting room set up styles for up to 54 delegates. West Precinct and The Space are adjacent and offer excellent catering or breakout areas.

## West Precinct

The smaller of the two Precinct rooms, West Precinct has an abundance of natural daylight. The Domain and East Precinct are adjacent, offering ideal breakout spaces.

## The Domain

A room with natural daylight, which perfectly suits the requirements of a breakout space, a boardroom meeting or small training meeting. Connect your laptop directly to the 65 inch television on the wall to display your presentation.

## The Zone

Boardroom meetings, breakout space or a small training meeting suit The Zone. A 65 inch television on the wall enables you to connect your laptop to display a presentation, and there is also natural daylight.

## The Space

This meeting room is perfect for boardroom meetings or a break out area for catering.
