

DIRECTIONS

KEY

ROUTE 1
RECOMMENDED

442km - 5h 30mins

ROUTE 2
ALTERNATIVE

406km - 4h 50mins

Once you have entered the Conservancy you will be driving on a dirt road. You do not need a 4 x 4 to navigate the road, though you will need to drive reasonably slowly and carefully as the road is very corrugated in places.

After 10km you will come to a small river crossing.

After another 10km you will come to a second (large) river crossing.

Almost immediately after crossing the second river turn to your right at the wooden sign marked "Chishakwe".

Pass the airstrip on your left and follow the road around the back of our work shop buildings. You will see our reception and offices on top of the slight hill ahead of you to the right.
